WORK EXPERIENCE

Pleasant Valley High School
Baseball Data Analyst

Bettendorf, Iowa
04/2022 – 07/2025

- Collected, organized, and analyzed player performance data to provide coaches with actionable insights for player development and game strategy
- Evaluated player performance through statistical analysis and observational scouting
- Built and maintained Excel-based datasets tracking every pitch of each game for performance analysis and strategic decision-making.
- Collaborated with coaching staff to transform game and practice data into reports used to support in-game tactical adjustments.
- Improved communication between coaching staff and players, increasing the amount of information and transparency throughout the organization.

ACTIVITIES & VOLUNTEER EXPERIENCE

Pleasant View Elementary School
Tutor

Bettendorf, Iowa
01/2021 – 05/2022

- Provided one-on-one academic support to four elementary students twice weekly, helping them improve understanding of classroom material.
- Collaborated with teachers to identify student needs and tailor tutoring approaches to individual learning styles.
- Created a more effective learning experience tailored to each student's needs.
- Recorded and used data to establish goals and track progress for each individual student
